Microbial diversity: resource potential

We invite you to participate in the conference, the fourth in the series of International conferences on microbial diversity, co-organized by the Institute of Ecology and Genetics of Microorganisms, UB RAS, and other institutions from Russia and abroad.

The conference reflects high responsibility of scientists for nature conservation and their awareness that the balance of biological systems on the Earth can only be achieved by joint efforts of the international community to preserve well-functioning microbiocenoses.

Conference Organizing Committee

Chairman: **Chereshnev Valery**, academician, Chairman of the State Duma Committee for Science and Advanced Technologies, Director of the Institute of Immunology and Physiology, UB RAS, Yekaterinburg.

Co-chairmen: **Demakov Vitaly**, RAS corresponding member, Director of the Institute of Ecology and Genetics of Microorganisms, UB RAS, Perm; **Ivshina Irina**, RAS corresponding member, head of the laboratory, Institute of Ecology and Genetics of Microorganisms, UB RAS, Perm; **Kalakoutskii Lev**, RAS corresponding member, chief researcher, Institute of Biochemistry and Physiology of Microorganisms, RAS, Pushchino.

Members of the Organizing Committee: **Akhova Anna**, Cand. Sc., chair of the Young Scientists' Council at the Institute of Ecology and Genetics of Microorganisms, UB RAS, Perm; **Bolshakov Vladimir**, academician, chief researcher, Institute of Ecology of Plants and Animals, UB RAS, Yekaterinburg; **Bonch-Osmolovskaya Elizaveta**, Dr. Sc., head of the laboratory, S.N. Vinogradsky Institute of Microbiology, RAS, Moscow; **Declerck Stéphane**, professor, Université Catholique de Louvain-Mycothèque, Louvain-le-Neuve, Belgium; **Desmeth Philippe**, professor, Belgian Science Policy, Brussels, Belgium; **Evtushenko Lyudmila**, Dr. Sc., head of the division, Institute of Biochemistry and Physiology of Microorganisms, RAS, Pushchino; **Elkin Andrey**, Cand. Sc., researcher, Institute of Ecology and Genetics of Microorganisms, UB RAS, Perm; **Il'inskaya Olga**, full member of the Academy of Sciences of the Republic of Tatarstan, head of the department, Kazan Federal University, Kazan; **Korobov Vladimir**, Cand. Sc., head of the laboratory, Institute of Ecology and Genetics of Microorganisms, UB RAS, Perm; **Kurtboke Ipek**, professor, University of the Sunshine Coast, Queensland, Australia; **Kuyukina Maria**, Dr. Sc., leading researcher, Institute of Ecology and Genetics of Microorganisms, UB RAS, Perm; **Litvinenko Nikolai**, professor, dean of the Biology department, Perm State National Research University, Perm; **Mikhailov Valery**, RAS corresponding member, G.B. Elyakov Pacific Institute of Bioorganic Chemistry, Far-Eastern Branch of RAS, Vladivostok; **Rizopulu Anna**, Dr. Sc., State Duma Committee for Science and Advanced Technologies, Moscow; **Sineoky Sergey**, Dr. Sc., National Bioresource Centre – Russian National Collection of Industrial Microorganisms, Moscow; **Fischer Cécile**, professor, Evry University, Evry, France.

The conference is to be held between 23 November (Wednesday) and 25 November (Friday) 2016, Moscow (32A Leninsky prospekt, President Hall, Russian Academy of Sciences).

The scientific programme includes plenary sessions as well as poster sessions on each of the conference topics.

Topics of interest

Inventory and monitoring of microbial diversity

Characterization of novel forms of microorganisms

Novel bioactive metabolite producers

Interaction mechanisms between higher life forms and microorganisms

Exploitation of microbial properties and activities in both traditional and emerging areas of biotechnology, industry, medicine, and environmental pollution remediation

Culture collections and strategies for secure preservation of microbial genetic resources *in/ex situ*

Practical aspects of biosecurity in the routine collection activities

Significance of microbiology education in the progress of regional bioeconomy

By the beginning of the conference, an Abstract Book will be available (on the electronic media); the papers selected by the Organizing Committee will be published in a journal listed among scientific publications peer-reviewed by the State Commission for Academic Degrees and Titles.

Conference languages are Russian and English.
